

JIM BOOTH ART GALLERY, INC.
 Print Evaluation for Insurance Purposes
JANUARY 2018

This is the last Insurance Sheet that Jim published prior to his retirement in 2018. For current values individuals will need to seek value information from an Art Appraiser. Insurance values are for *Sold Out*, Limited Edition (signed & numbered) Prints. Classic Edition Posters and Mini Cards *do not* increase in value. Historically, Limited Edition Artist Proofs and Environmental Edition Prints are valued at 1 1/2 times that of the values listed below. Visit JimBooth.com for more information.

Below are prints released prior to 1977 (while Jim was working for Ambassador Graphics) or prints made for a specific organization (Wild Turkey Federation, SC Waterfowl Association, etc.). **Jim did not own the rights to these images; therefore, he was never able to give them a value.** The best way to determine a value is to try and contact the organization who owns the rights, browse the Secondary Market to determine the "going price", or take the print to an art appraiser.
